Dear Mr. Cook:

On July 14, 2004, the Department of Environmental Services, Waste Management Division ("DES") conducted an inspection of Microwave Development Company, Inc. ("MDC") in Salem, NH. The purpose of the inspection was to determine MDC's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, MDC was issued Letter of Deficiency No. WMD 04-15 (the "LoD"). Based upon a review of MDC's submittals received on July 26, 2004 and September 9, 2004, DES has determined that your facility has corrected the deficiencies identified in the LoD.

Please be advised that DES will continue to monitor MDC's compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Robert Bishop or me at (603) 271-2942. Thank you for your cooperation.

Sincerely,

John J. Duclos, Supervisor  
Hazardous Waste Compliance Section  
Waste Management Division
